<sup>1</sup> For women under 15, the rate is calculated using female population 10-14 years of age.

<sup>2</sup> For women 45 years and over, the rate is calculated using the female population 45-49 years of age.

- Represents zero events.

a Rates are not calculated for fewer than five live births.

b Rates are not calculated for counties with fewer than 1,000 population in a specific age group.
